We can navigate the map and discover the players from each country in order of their overall ranking, also considering the relationship between age and potential.

For example, England has emerged as the country with the most players and also displayed a high number of young players with great potential.

Player Attributes

Name	Overall	Finishi..	Dribbli..	Sprint ..	Strength	Stamina	Acceler..
Cristiano Ronal..	94.00	94.00	91.00	91.00	80.00	92.00	89.00
